Action Requested: Approval for a lifeskills EA

Item Summary: Currently they have 13 students with a teacher and 3 EA's . Recently one student received a feeding tube and another student will be returning who needs a one on one.

Brief History (if applicable): The additional support is needed because 5 of the 13 students are non verbal and 3 student are not potty trained. When a student needs to get their diaper changed, it takes 2 adults to complete the task and that leaves on staff member to supervise the others. The additional EA will be able to support the 12 students. The additional EA will also be able to support the student who is non verbal and has behavioral needs.
